INDEX TO VOLUME 150

Adrenocortical response to ACTH, the effect of surgical operation on the, 941
Aldosteronism, primary, management of, physiologic and surgical problems in the, 653
Ammonia, the origin and utilization of, in strangulation obstruction of the small bowel, 880
Anastomosis, esophageal, healing of, 142
Anesthetics, general, the influence of, on water and solute excretions, in man, 122
Aneurysm, of the hepatic artery, 320
  in a child, 951
  tuberculous aortic, rupture of, into lung, 1046
  ventricular, following myocardial infarction: results of surgical treatment of, 595
Animals germfree, in surgical research, 713
Anus, imperforate, 477
Anterior tibial muscle compartment claudication with incomplete arterial occlusion, 257
Antrectomy, the effect of, on gastric blood flow, 517
Aortography, thoracic, in infants and children, 266
  visualization of the pancreas by, 561
Aortic aneurysm, tuberculous, rupture of, into lung, 1046
Aortic arch (isthmus aortae), patent ductus arteriosus and intraventricular septal defect, the triad of congenital absence of—a trilogy, 153
Aortic grafts, successful long synthetic, with transmission of normal pulsation, 304
Aortic insufficiency, acute, experimental hemodynamics of, 104
  the surgical treatment of, selective redistribution of blood in, 586
Aortic saddle embolism, safer operation in: four consecutive successful embolectomies, via the femoral arteries, under local anesthesia, 568
Aortic sinus, ruptured aneurysm of, 117
Appendicitis, acute, 131
Arterial grafts, bovine, 1017
Arterial malformations, traumatic, of the scalp: a review of the literature and two case reports, 1032
Arterial surgery, reconstructive, the hyperemia of, 575
Arteriography, coronary, electronically controlled, 275
Arteriosclerosis, small artery obstruction in, postamputation radiographic evidence for, 177
Arteriovenous fistula of the superior thyroid artery and vein, 149
Artery, hepatic, in a child, aneurysm of the, 951
Ascites, the treatment of, by side-to-side portacaval shunt, 428

Biopsy and radical operation, the role of, in the management of carcinoma of the head of the pancreas, 290
Bleeding, intestinal, and perforation complicating treatment with vasconstrictors, 790
Blood flow, gastric, the effect of antrectomy on, 517
Blood, selective redistribution of, in the surgical treatment of aortic insufficiency, 586
  the enzymatic digestion of, a further inquiry into, 469
  transfusions and serum hepatitis: use of monochloracetate as an antibacterial agent in plasma, 455
Book reviews:
  A Short Practice of Surgery by Hamilton Bailey and McLeill Love, 35A, Sept.
  Callander's Surgical Anatomy by Barry J. Anson, Ph.D., and Walter G. Maddock, F.A.C.S., 35A, Sept.
  Essays in Eponymy—Obstetric and Gynecologic Milestones by Harold Speert, 37A, Sept.
  Hormone Production in Endocrine Tumors, ed. by G. E. E. Wolstenholme, B.Ch., and Maeve O'Connor, B.A., 39A, Sept.
  Medical Management of Cancer by Henry D. Diamond, M.D., F.A.C.P., 37A, Aug.
  Obstetrical Practice, Ed. 7, by Alfred C. Beck, M.D., 33A, Aug.
  Pathophysiology in Surgery by James D. Hardy, M.D., 33A, Aug.
  The Hand: Its Anatomy and Diseases by John J. Byrne, M.D., 39A, Sept.
  The Management of Emergencies in Thoracic Surgery by John Borrie, F.R.C.S., 39A, Aug.
  The Pathology and Management of Portal Hypertension by R. Milnes Walker, F.R.C.S., 41A, Sept.
  Urology in Outline by T. L. Chapman, 41A, Sept.
Bovine arterial grafts, 1017
Brain cancer, chemotherapy of: experimental and clinical studies in localized hypothermic perfusion, 640
Brain, the importance of the, in the endocrine response to injury, 697
Breast, disseminated carcinoma of the, chemotherapy of, 221

Cancer, brain, chemotherapy of: experimental and clinical studies in localized hypothermic perfusion, 640
Cancer cells, exfoliated pancreatic, in the duct of Wirsung, 296
Cancer of the oral cavity and pharynx and results of treatment by means of the composite operation (in continuity with radical neck dissection), 202
Cancer, surgical treatment of, prophylactic and adjuvant use of nitrogen mustard in the, 745
Cardiac output soon after intracardiac surgery with cardiopulmonary bypass, estimation of, 613
Carcinoma, disseminated, of the breast, chemotherapy of, 221
  high gastric, late results after total gastrectomy for, 63
  of the breast, some factors in the choice of treatment of, 993
  of the colon, polyposis and, etiologic factors in, 488
  of the head of the pancreas, the role of biopsy and radical operation in the management of, 290
  of the large bowel, mortality and major complications following resection for, 913
  of the right colon, a new emphasis in management in the very old: review of 67 patients, 70 to 92 years of age, 872
  of the thyroid: results of surgical therapy, 928
  of the thyroid in children, 959
Cardioplegic action of potassium ion, study of the, during normothermia and hypothermia, 833
Cardiovascular system of the dog, an investigation of the effects of 5-hydroxytryptamine (Serotonin) on the, 846
Carotid artery, internal stroke associated with elongation and kinking of the: report of three cases, treated by segmental resection of the, 824
  syndrome: results of endarterectomy in 26 cases, 1041
Cervical diskography: a contribution to the etiology and mechanism of neck shoulder and arm pain, 1052
Cervical rib, the vascular complications of, 340
Chemotherapy of brain cancer: experimental and clinical studies in localized hypothermic perfusion, 640
Children, extrahepatic portal bed block in: pathogenesis and treatment, 371
Cholangiograms, operative, an evaluation of, as a guide to common duct exploration, 1086
Cholangitis, acute, obstructive: a distinct clinical syndrome, 299
Cirrhosis, some hemodynamic changes in and their surgical significance, a clarification of, 413
Colon, right, in the very old, a new emphasis in management of carcinoma of the: review of 67 patients, 70 to 92 years of age, 872
  polyposis and carcinoma of the, etiologic factors in, 488
  proximal, volvulus of the, 1075
  sigmoid, duplication of the, 904
Common duct exploration, an evaluation of operative cholangiograms as a guide to, 1086
Congenital absence of the triad of aortic arch (isthmus aortae), patent ductus arteriosus and intraventricular septal defect—a trilogy, 153
Continuing history of the Society of Clinical Surgery, 783
Coronary arteriography, electronically controlled, 275
Cyst, giant choledochal: report of a case successfully treated by roux-en-Y choledochocyst-jejunostomy, 313
Cysts, dermoid, of the nose: a review of 39 cases, 1007
Cysts, solitary nonparasitic, of the liver, rupture of, 167

Dermoid cysts of the nose: a review of 39 cases, 1007
Desoxyribosenucleic acid, extracellular, wound healing and, 799
Diskography, cervical: a contribution to the etiology and mechanism of neck shoulder and arm pain, 1052
Diverticulum, Meckel's, and diverticulum disease, 241
Dogs, hepatic venous circulation in, reversal of, 445
Duct of Wirsung, exfoliated pancreatis cancer cells in the, 296
Dumping syndrome, physiologic considerations in the, 90
Duodenal obstruction with bleeding duodenal ulcer, preduodenal portal vein causing: a case report, 909
Duodenum, intussusception of, 160
Duplication of sigmoid colon, 904

Ectopic tricuspid leaflet producing symptoms of infundibular pulmonic stenosis, 937
Effect of surgical operation on adrenocortical response to ACTH, 941
Embolism, aortic saddle, safer operation in: four consecutive embolectomies via the femoral arteries under local anesthesia, 568
Endocrine response to injury, the importance of the brain in the, 697
Endocrine responses, during operative procedures, 196
Enzymatic digestion of blood, a further inquiry into the, 469
Esophageal anastomosis, healing of, 131
Ethionine pancreatitis, experimentally induced, on the mechanism of, 42
Evaluation of operative cholangiograms as a guide to common duct exploration, an, 1086

Extrahepatic portal bed block in children: pathogenesis and treatment, 371

First brachial cleft, anomaly of, 309
Fistula, arteriovenous, of the superior thyroid artery and vein, 149
Fluid therapy of the severely burned patient, a new approach to: the use of urea as an electrolyte substitute, 756

Gastrectomy, nutritional status of patients, following, smoking and its relation to, 76
ischemic necrosis of the proximal gastric remnant, following subtotal, 1071
total, for high gastric carcinoma, late results after, 63
Gastric blood flow, the effect of antrectomy on, 517
Gastric cooling, local, as related to peptic ulcer, studies of, 346
Germfree animals in surgical research, 713
Glomus juglare, of the carotid body and retroperitoneal nonchromaffin paraganglia, surgical experiences with tumors, 808
Grafts, aortic, successful long synthetic, with transmission of normal pulsation, 304
arterial, bovine, 1017
Granulomas, mineral oil, pulmonary resection for, 67

Heart beat, maintenance of the, by perfusion of the coronary circulation with gaseous oxygen, 361
Heart block, complete, stimulation of the ventricular endocardial surface, in control of, 841
Heart surgery, open, hypothermia and extracorporeal circulation for: its simplification with a heat exchanger, for rapid cooling and rewarming, 627
Hemodynamic changes in cirrhosis and their surgical significance, a clarification of, 413
Hemodynamics of experimental acute, aortic insufficiency, 104
Hepatic artery, aneurysm of the, 320
aneurysm of the, in a child, 951
Hepatic lobectomy in the treatment of tumors of the liver in children, 1065
Hepatic metastases, experimental studies of factors influencing: III. Effect of surgical trauma with special reference to liver injury, 731
Hepatic venous circulation, reversal of, in dogs, 445
Hepatectomy, major, regenerative hyperplasia of the liver, following, 85
Hodgkin's disease of the stomach, surgical implantation of, to the skin of the abdominal wall, 1000
5-Hydroxytryptamine (Serotonin) an investigation of the effects of, on the cardiovascular system of a dog, 846
Hyperemia of reconstructive arterial surgery, the, 575
Hyperplasia, regenerative, of the liver, following major hepatectomy, 85
Hypertension, portal, and other morbid states within the thorax, observations on the systemic venous collateral circulation in, 188
Hypoglycemia due to nonpancreatic mesodermal tumors: report of two cases, 684
Hypothermia for portacaval shunts, 90

Ileocecal valve, lipomatosis of the, 1092
Immunity, transplantation: some properties of induction and expression, 1025
Infants and children, intrathoracic neurogenic tumors in, 29
thoracic aortography in, 266
Infarction, myocardial, ventricular aneurysm following: results of surgical treatment, 595
Injury to the pancreas, surgical management of, 854
Insufficiency, acute aortic, experimental, hemodynamics of, 104
Intestinal bleeding, and perforation complicating treatment with vasoconstrictors, 790
factor of irreversible shock, intravascular thrombi and the, 261
Intracardiac surgery with cardiopulmonary bypass, cardiac output soon after, estimation of, 613
Intussusception, of the duodenum, 160
retrograde, at the gastrojejunal stoma, 864
Investigation of the effects of 5-Hydroxytryptamine (Serotinin) on the cardiovascular system of the dog, 846
Ischemia, the physiological response of the small bowel of the dog to, including prolonged *in vitro* preservation of the bowel with successful replacement and survival, 543
Ischemic necrosis of the proximal gastric remnant following subtotal gastrectomy, 1071

Large bowel, mortality and major complications, following resection for carcinoma of the, 913
Leaflet, ectopic tricuspid, producing symptoms of infundibular pulmonic stenosis, 937
Lipomatosis of the ileocecal valve, 1092

Liver, regenerative hyperplasia of the, following major hepatectomy, 85
rupture of solitary nonparasitic cysts of the, 167
spontaneous rupture of the, 327
tumors of the, in children, hepatic lobectomy in the treatment of, 1065
Lobectomy, hepatic, in the treatment of tumors of the liver in children, 1065

Malformations of the scalp, traumatic arterial: a review of the literature and two case reports, 1032
Malignant melanoma, treatment of 136 cases of, long-term results, 989
Management of advanced radiation proctitis, 890
Meckel's diverticulum and diverticulum disease, 241
Melanoma, malignant, treatment of 126 cases of, long-term results, 989
Metabolic response to thermal trauma of normal and thyroprivic rats at three environmental temperatures, 976
Metabolism, catechol amine: peripheral plasma levels of epinephrine (E) and norepinephrine (NE) during laparotomy under different types of anesthesia in dogs, during operation in man (including adrenal vein sampling), and before and following resection of a pheochromocytoma associated with von Recklinghausen's neurofibromatosis, 666
Metastases, hepatic, experimental studies of factors influencing: III. Effect of surgical trauma with special reference to liver injury, 731
Mineral oil granulomas, pulmonary resection for, 67
Mitral regurgitation and/or stenosis, rheumatic, the open correction of, 5
Monochloroacetate, use of as an antibacterial agent in plasma (blood transfusions and serum hepatitis), 455
Mortality and major complications following resection for carcinoma of the large bowel, 913

Necrosis, ischemic, of the proximal gastric remnant following subtotal gastrectomy, 1071
Neurogenic tumors, intrathoracic, in infants and children, 29
New emphasis, a, in management of carcinoma of the right colon, in the very old: review of 67 patients, 70 to 92 years of age, 872
Nitrogen mustard in the surgical treatment of cancer, prophylactic and adjuvant use of, 745
Nose, dermoid cysts of the: a review of 39 cases, 1007

Operative cholangiograms, an evaluation of, as a guide to common duct exploration, 1086
Oral cavity and pharynx, cancer of the, and results of treatment by means of the composite operation (in continuity with radical neck dissection), 202
Origin, the, and utilization of ammonia in strangulation obstruction of the small bowel, 880

Pancreas, injury to the, surgical management of, 854
visualization of the, by aortography, 561
Pancreatitis, chronic, sites of pancreatic duct obstruction in, 49
ethionine, experimentally induced, mechanism of, 42
Paraganlia, retroperitoneal nonchromaffin, carotid body, and glomus jugulare, surgical experiences with tumors of the, 808
Pathogenesis of pilonidal sinus, a re-evaluation of the, 895
Perfusion, localized hypothermic, experimental and clinical studies in (chemotherapy of brain cancer), 640
Physiologic and surgical problems in the management of primary aldosteronism, 653
Pilonidal sinus, a re-evaluation of the pathogenesis of, 895
Portacaval shunts, hypothermia for, 90
Portal bed block, extrahepatic, in children: pathogenesis and treatment, 371
Portal hypertension, studies on, 384
Portal vein, preduodenal, causing duodenal obstruction with bleeding duodenal ulcer: a case report, 909
Postgastrectomy steatorrhea, further observations on: the effect of high carbohydrate intake and of hydrochloric acid administration on fat absorption, 517
Potassium ion, study of the cardioplegic action of, during normothermia and hypothermia, 833
Preduodenal portal vein causing duodenal obstruction with bleeding duodenal ulcer: a case report, 909
Presidential address (American Surgical Association, I. S. Ravdin, M.D.), 335
Proctitis, radiation, management of advanced, 890
Proximal colon, volvulus of the, 1075

Radiation proctitis, management of advanced, 890
Re-evaluation of the pathogenesis of pilonidal sinus, a, 895
Regurgitation, rheumatic, mitral, and/or stenosis, the open correction for, 5

Resection, pulmonary, for mineral oil granulomas, 67
Retrograde intussusception at the gastrojejunal stoma, 864
Rheumatic mitral regurgitation and/or stenosis, the open correction of, 5
Rib, cervical, the vascular complications of, 340
Rupture, spontaneous, of the liver, 327
of tuberculous aortic aneurysm into lung, 1046
Ruptured aneurysm of aortic sinus, 117

Scalp, traumatic arterial malformations of the: a review of the literature and two case reports, 1032
Shunts, portacaval, hypothermia for, 99
Sigmoid colon, duplication of the, 904
Sinus, aortic, ruptured aneurysm of, 117
pilonidal, a re-evaluation of the pathogenesis of, 895
Smoking and its relation to nutritional status of patients following gastrectomy, 76
Society of Clinical Surgery, continuing history of, 783
Some factors in the choice of treatment of carcinoma of the breast, 993
Staphylococcal infections, hospital acquired, symposium on: Part I. The problem of hospital-acquired staphylococcal infections, 768
Part II. A report on the national conference on hospital-acquired staphylococcal disease, 771
Part III. Recommendations for control of epidemic spread of staphylococcal infections in surgery, 774
Steatorrhea, postgastrectomy, further observations on: the effect of high carbohydrate intake and of hydrochloric acid administration on fat absorption, 517
Stimulation of the ventricular endocardial surface in control of complete heart block, 841
Stomach, surgical implantation of Hodgkin's disease of the, to the skin of the abdominal wall, 1000
Strangulation obstruction of the small bowel, the origin and utilization of ammonia in, 880
Stroke associated with elongation and kinking of the internal carotid artery: report of three cases, treated by segmental resection of the carotid artery, 824
Study of cardioplegic action of potassium ion, during normothermia and hypothermia, 833
Surgery, arterial, reconstructive, the hyperemia of, 575
open heart, hypothermia and extracorporeal circulation for: its simplification with a heat-exchanger for rapid cooling and rewarming, 627
Surgical aspects of chronic thyroiditis, 965
Surgical experiences with tumors of the carotid body, glomus juglare and retroperitoneal nonchromaffin paraganglia, 808
Surgical implantation of Hodgkin's disease of the stomach to the skin of the abdominal wall, 1000
Surgical management of injuries to the pancreas, 854
Surgical operation, the effect of, on adrenocortical response to ACTH, 940
Surgical research, germfree animals in, 713
Surgical treatment and pathogenesis of stasis ulcers, a controlled study of, 57
Syndrome, dumping, physiologic considerations in the, 90
carotid artery: results of endarterectomy in 26 cases, 1041

Thoracic aortography in infants and children, 266
Thorax, portal hypertension and other morbid states within the, observations on the systemic venous collateral circulation in, 188
Thrombi, intravascular, and the intestinal factor of irreversible shock, 261
Thyroid artery and vein, superior, arteriovenous fistula of the, 149
Thyroid, carcinoma of the: results of surgical therapy, 928
in children, 959
Thyroiditis, chronic, surgical aspects of, 965
Thyroprivic rats, metabolic response to thermal trauma of normal and, at three environmental temperature, 976
Tissue culture, the mechanism of traction forces in, 23
Traction forces in tissue culture the mechanism of, 23
Transplantation immunity: some properties of induction and expression, 1025
Traumatic arterial malformations of the scalp: a review of the literature and two case reports, 1032
Treatment of carcinoma of the breast, some factors in the choice of, 993
Treatment of 126 cases of malignant melanoma: long-term results, 989
Tumors, intrathoracic neurogenic, in infants and children, 29
of the carotid body, surgical experiences with, glomus juglare and retroperitoneal nonchromaffin paraganglia, 808
nonpancreatic mesodermal, hypoglycemia due to: report of two cases, 684

Ulcer, duodenal, treatment of vagotomy and antral resection in the: results in 514 patients, 499
Ulcers, stasis, a controlled study of surgical treatment and pathogenesis of, 57

Vagotomy and antral resection in the treatment of duodenal ulcer: results in 514 patients, 499
Vasoconstrictors, intestinal bleeding and perforation complicating treatment with, 790
Vascular complications of cervical rib, 340
Volvulus of the proximal colon, 1075

Water and solute excretion in man, the influence of general anesthetics on, 122
Wound healing and extracellular desoxyribosenucleic acid, 799
